Subject: Election sign requirements

Please find below a reasonable method for regulating election signs in Montgomery County (located outside of the Clarksville City limits.)

1. Election signs are classified as a temporary sign. Any election sign proposed to be placed on private residential property shall not exceed (32) thirty two square feet.

2. Permits and fees: a permit and fee is required for signs in excess of (6) six square feet if placed on commercial property at a cost of $25.00 per sign plus a $5.00 Archive and Records Fee. There is no permit or fee required if placed on residential property.

3. Election signs shall not be erected or otherwise fixed to any pole, tree, stone, fence, building or structure or any object within the right-of-way of any street. No temporary sign shall be erected at the intersection of any street in such a manner as to obstruct vision, or be confused with any authorized traffic sign, or device.

4. Election signs are allowed for a period of no more than 60 days before and are to be removed no more than 5 days after such elections. Such election sigs must conform to all applicable signage restrictions within the zone district in which they are located.
