# GIVING A MEMORIAL DONATION

---

## HOW TO GIVE

Giving books through a memorial donation is simple. Slips like the one included in this brochure are always available at the circulation desk or in the administrative office upstairs.

In addition to books, other types of materials, such as DVDs or audiobooks may be selected if desired.

The family of the person in whose name you donated will be notified of your gift by the library.

## SUBJECTS

If you have specified a particular subject related to your loved one for the collection, a suitable book or books will be chosen and ordered.

If you have no subject preference, a book will be chosen that is needed by the library.

## OTHER WAYS TO GIVE

Larger gifts in the form of individual funding for special library projects is welcome at any time.

You can also remember the Public Library in your will or living trust.
