Accordingly, the parties agree as follows:

1. That in the event any civil actions in inverse condemnation or for damages are instituted against County by reason of the DEPARTMENT, or its contractor, going upon the highway right-of-way and easements, and constructing said project in accordance with the plans and as necessary to make the completed project functional, the COUNTY will notify in writing the Attorney General of the State, whose address is 425 Fifth Avenue North, Nashville, Tennessee 37243, of the institution of each civil action, the complaint and all subsequent pleadings, within ten (10) days after the service of each of the same, under penalty of defending such actions and paying any judgments which result therefrom at its own expense.
2. The COUNTY will close or otherwise modify any of its roads or other public ways if indicated on the project plans, as provided by law.
3. The COUNTY will transfer or cause to be transferred to the DEPARTMENT without cost to it, all land owned by the COUNTY or by any of its instrumentalities as required for right-of-way or easement purposes, provided such land is being used or dedicated for road or other public way purposes.

But the foregoing may not be a duty of the COUNTY since it shall become operative only after the DEPARTMENT has been unsuccessful in its efforts to provide for said removals or adjustments for the benefit of the COUNTY.

The foregoing does not apply to those utility facilities which are owned by the COUNTY or one of its instrumentalities, it being understood that the COUNTY has the duty to relocate or adjust such facilities, if required, provided the COUNTY is notified to do so by the DEPARTMENT with detailed advice as to this duty of the COUNTY.

8. No provision hereof shall be construed as changing the maintenance responsibility of the COUNTY for such part of the project as may presently be on its highway, street, road or bridge system.

9. It is understood and agreed between the DEPARTMENT and the COUNTY that all traffic control signs for the control of traffic on a street under the jurisdiction of the COUNTY and located within the DEPARTMENT'S right-of-way shall be maintained and replaced by the COUNTY.

10. When traffic control devices for the direction or warning of traffic, lighting of roadways or signing, or any of them, which are operated or function by the use of electric current are constructed or installed as part of the project, they will be furnished with electricity and maintained by the COUNTY.

11. If, as a result of acquisition and use of right-of-way for the project, any building improvements become in violation of a COUNTY setback/building line requirement, the COUNTY agrees to waive enforcement of the COUNTY setback/building line requirement and take other proper governmental action as necessary to accomplish such waiver.

12. The COUNTY will prohibit encroachments of any kind upon the right-of-way and easements for the project.

13. The COUNTY will prohibit the servicing of motor vehicles within the right-of-way and easements for the project.

14. The COUNTY will obtain the approval of the DEPARTMENT before authorizing parking on the right-of-way and easements for the project and before installing any device for the purpose of regulating the movement of traffic.

15. The DEPARTMENT will maintain the completed project if it is classified as full access control (i.e., a project which has no intersecting streets at grade), and it will maintain the pavement from curb to curb where curbs exist or the full width of the roadway where no curbs exist on non-access control projects. The COUNTY agrees to maintain other parts of non-access control projects.

18. The DEPARTMENT will acquire the right-of-way and easements, construct the project and defend any inverse condemnation or damage civil actions of which the Attorney General has received the notice and pleadings provided for herein.

19. The project plans hereinbefore identified by number and description are incorporated herein by reference and shall be considered a part of this proposal, including any revisions or amendments thereto, provided a copy of each is furnished the COUNTY.

20. The acceptance of this proposal shall be evidenced by the passage of an ordinance, or by other proper governmental action, which shall incorporate this proposal verbatim, or by reference thereto.
