Dear Planning Commissioners, Mayor and County Commissioners, my name is Chris Blackwell owner of C. Blackwell Construction. We have a contract to purchase the property being considered at the May/June meeting. The property is in Ward 19 and located at 2100 Rossview Rd. Contingent on this rezoning and securing several other local and state permits, we are scheduled to close February 26, 2020. After closing it will take at least a year to have the subdivision ready for homes. We are anticipating around 280 lots and a total build out time of 4-5 years after we close on the property.

We are aware of the proposed Rossview Road widening and my engineers McKay-Burchett & Co. have been in contact with the County Engineer and we will coordinate and accommodate the potential widening with his office. We also expect TDOT to require a left turn lane into the proposed development that will be constructed at our expense for the time period until the widening is completed. A traffic assessment was performed and includes adding the turning lane.

As you know this property was recently included in the Urban Growth Boundary of the 2020 Growth Plan and was recently passed by the County Commission and adopted a few months ago. Even though the Urban Growth Boundary allows for more dense zoning, we are requesting R-1 zoning. The property has several unique natural and some man made features on the property including flood plain, sinkholes, a large ravine and TVA transmission lines that must be avoided or developed and designed around which is why this development will be less dense than ordinary R-1 developments.

We hope to have your support for this rezoning and please call, contact me if you have any questions or concerns or would like to visit the property. My contact information is below.

Hello We live at 284 Browning Court and received a letter about potential rezoning of the farm land across the street from us. We purchased this house with the sole purpose to have that as our backdrop and are concerned about the request to change from Farm to residential

Despite my best effort's I was unable to pull a map to show me exactly what area is being described. Are you able to assist me in this matter?

My main concern is the loss of property values and the loss of the appearance that we had expected of course. Potentially if it is a nice neighborhood similar to Stone Manor it would not be bad but it's very hard to know what that plan is and you probably do not have that information.

I'm also concerned about the potential widening of the road and how much that would come into my area or my property

Appreciate whatever you could do to assist me

Mr. Trapnell,

The letter has a general description of the location of the property making the request to rezone. The map included in the link shows the boundary of the property in the request that matches the legal description & deed for the property.

Your picture didn't reflect what the letter said in terms of its end point; as it was about 3 to 4 houses or more past the Browning Way road.

Can you clarify?

To whom it may concern,

We love our neighborhood and our neighbors. Please do not allow another neighborhood. Adding more people adds more problems. People are getting greedy and Farmington is already still growing. This has an effect on all of us who live over here. When I built my road was a culdesac nope now it's a main street.

There is already an issue with crowding in the schools and school buses and lord knows when a new one will be built. Rossview traffic is already out of control people will never get out of the neighborhood in the mornings. Adding more homes over here does not help anyone. Please do not allow them to build more homes. How about a nice park for Farmington and Stones Manor to enjoy. We could always use more green space.

Re-zoning of land on Rossview Rd

Hello!

My husband Michael and I live at 281 Browning Ct in Farmington subdivision where we have lived for 8 years. We noticed a sign in the field across the street from our home and also saw the concern of the residence in our neighborhood Facebook group. We are concerned about the re-zoning of the land on Rossview Rd and would like to see this reconsidered. We moved into Farmington because we loved the peaceful setting and the fact that we didn't have to fight traffic to get to our neighborhood. We moved from exit 1 because of the traffic issues.

From our understanding, the land would be developed into more homes and businesses. This would mean more crowding for the schools that are already over crowded. It seems like we don't have enough school buses or drivers to get kids to and from schools currently. Our buses are already running late to pick up kids and drop them off due to shortages. Also, the new schools they are building to help with the crowding issues at Rossview, would then be accommodating the new subdivisions.

It would create more traffic issues as well on Rossview Rd and the roads would have to be widened. While all of that is in progress, I could see our neighborhood being used to re-route traffic and cause lots of anxiety for those of us who have children riding bikes and playing outside.

I know Clarksville is growing quickly and I love this city! I just wanted to let you know the concerns we have as residents of Farmington and would like to see a little bit of the countryside stay in tact for the beauty of our city.

Thank you for considering our thoughts, Alicia Flowers

Land rezoning for case CZ-8-2020

Devon Jones <meandmrsjones12492@gmail.com> To: rpc@cityofclarksville.com Mon, May 25, 2020 at 8:08 PM

In regards the the rezoning of land for residential development, case CZ-8-2020, we humbly ask you to carefully consider the approval of this request. As a member of the Farmington community, we are greatly disturbed and have worries about the outcome that this development would bring to this area. At the very least there would be need to add a stop light to alleviate traffic and our neighborhood would become what is used now as a way to drive through and reach other roads when Rossview or I-24 is backed up. In addition to the traffic, please consider the state of overcrowding in our school system. Additions to schools are just now are being built to accommodate what is already in need. The addition of more housing means schools such as Rossview will once again be at over capacity. Additional neighborhoods also completely remove the draw of our neighborhood having a lack of traffic, noise, and overall congestion. With the potential of a sports complex coming out this way, we are already worried about the traffic flow and how much that will affect our communities. Please take this consideration with appreciation for your task and making sure that Clarksville not only grows but provides for the investment all homeowners have contributed to the success and wellness of our city. We ask you to vote no. We appreciate your time.

Zoning Change for Rossview Road

We are against rezoning Rossview Road at Farmington and Stones Manor subdivision. Traffic is already bad, without adding additional congestion, especially on Sunday when there is Church at Lifepoint Church. Sheriff already has to direct traffic, will be unbearable with additional development.

To whom it may concern,

Please accept this email as a voice against the proposal for the land on Rossview Road near Stones Manor and Farmington to be turned from zoned agricultural to residential at this time. My family and I are deeply concerned about the rapid growth in the area and the lack of infrastructure in place to support the growth. The land in question should only be considered to be built upon with multiple homes once the Rossview road expansion is completed. Not only is traffic a concern, but Rossview schools are already well over their recommended numbers.

Having grown up in Fredericksburg, VA my husband and I witmessed similar rapid growth occur without any effort put in by planners or developers to ensure the safety and well being of long time residents. Growth is great but only if done with intelligence and forethought. Our schools were overcrowded, road conditions horrible, and safety became an issue.

Please consider the current residents in the area before making a decision that could negatively affect all of us.

My name is Vaughn Barnett and I reside at 248 Fantasia Way along Rossview Road and directly in view of this proposed subdivision. On behalf of myself and spouse, I want to go on record as opposed to this rezoning of land and construction of another subdivision.

We actually moved out of the City of Clarksville proper in order to achieve more privacy and less traffic. Now six years later it appears our dream is in jeopardy. The city and road congestion is following us.

Our opposition does not only include the destruction of privacy and a taste of country living, but it is not practical and involves safety concerns.

Rossview Road at the proposed location is not adequate to accommodate the additional traffic flow. From the new Burger King and Popeye's to the Browning Way intersection it is a daily accident waiting to happen. Traffic visibility is poor at best. You have to cross your fingers at the junction of Rossview Road and Rollow Lane. It is a BLIND curve to oncoming and turning vehicles. There is no turning lane.

Then you have the LifePoint Church traffic congestion, especially on Sundays followed by the Stones Manor and Farmington entrance/exit intersection. Although not as severe as the Rossview/Rollow intersection, there is another blind spot to traffic traveling west on Rossview Road when turning.

All in all, this rezoning and subdivision case (CZ-8-2020) is not feasible and should not even be considered until such time as Rossview Road is widened and constructed with safety minded turning lanes.

A courtesy return email that you have received my opposition summary and that such have been entered into the official record and proceedings is requested and would be much appreciated.

Dear Clarksville-Montgomery Regional Planning Commission,

As concerned neighbors of the property parcel #006.00 and #006.01 south of the Rossview Rd and Browning Way intersection and east of the eastern terminus of Collins View Way, we are opposed to the proposed rezoning of the property (case #CZ-8-2020) up for the Planning Commission hearing on May 27, 2020.

We respectfully ask for a no zoning change on this parcel because of the following:

1. THE LOCAL SCHOOLS

-The local schools in this area are already over capacity and have been for many years. Those kids are learning in overcrowded classrooms and buses are making multiple trips just to allow all children to be transported to school in a timely manner. It has taken just until last year to break ground on new schools to alleviate this issue. Presently, a new elementary, middle and high school are being built as a remedy but are those new schools meant to accommodate even more housing development? Those new schools were already breaking ground before the idea of making this property in question into a residential one. This area is not prepared for this type of growth. Will the new schools become overcrowded like the ones they are helping? Consider this when new residential developments want to build here. The subject of overcrowding will come up again with the new schools if new residential developments occur.

- Overcrowded schools aren't as safe. Kids packed in portables aren't safe when we have these unpredictable weather patterns. A large new housing development will force more children into these situations, especially when an area of the county can't handle new growth.

- A new large development means more children but with this comes costs to pay more teachers, bus drivers, food etc. I'm sure the county has an estimate of the costs for the new schools including amount of faculty etc., but what about the costs of portables, more faculty/staff and everything else that is required to accommodate more children coming from these new developments?

2. THE ROADS

- Consider the destruction of the local roads with this development. Large heavy trucks and increased traffic will destroy this part of Rossview Road. Long term you will have to replace these roads as the amount of vehicles increases. More cars mean more wear and tear on the roads = more repairs to the road = more costs.

3. CHARACTER

- We, as did others in this area, moved to the area for the few people and lush farmlands. A new development ruins the character of this area and overwhelms Rossview Road. Here, the grass is green and the farmlands are vast. The local strawberry farm is just down the road and our community is the type where we all know each other. Some people run/bike to the other neighborhood because the roads aren't dangerous. The kids learn about farms and are able to see cows, goats and horses. A new development will destroy that. The farmland will be demolished, the trees torn down and the roads made dangerous by construction vehicles and the damage they cause. This is a beautiful area and a part of Montgomery County that stands out because of that. Why ruin an area of town in which we can see what Montgomery County used to look like?

For the foregoing reasons, we urge you to please not recommend this proposed rezoning. We aren't against expansion but we are against it happening on Rossview Road.

Thank you for your time and consideration.

Sincerely, Aniko Takacs Kenneth Kinnard

Dear Mayor and County Commissioners,

My name is Chris Blackwell owner of C. Blackwell Construction. We have a contract to purchase the property being considered at the June County Commission meeting case CZ-8-2020. The property is in Ward 19 and located at 2100 Rossview Rd. Contingent on this rezoning and securing several other local and state permits, we are scheduled to close February 2021. After closing it will take at least a year to have the first phase of the subdivision ready for homes. We are anticipating around 280 lots and a total build out time of 4-5 years after we close on the property.

We are aware of the proposed Rossview Road widening and my engineers McKay-Burchett & Co. have been in contact with the County Engineer and we will coordinate and accommodate the potential widening with his office. We also expect TDOT to require a left turn lane into the proposed development that will be constructed at our expense for the time period until the widening is completed. A traffic assessment was performed and includes adding the turning lane.

As you know this property was recently included in the Urban Growth Boundary of the 2020 Growth Plan and was recently passed by the County Commission and adopted a few months ago. Even though the Urban Growth Boundary allows for more dense zoning, we are requesting R-1 zoning. The property has several unique natural and some man made features on the property including flood plain, sinkholes, a large ravine and TVA transmission lines that must be avoided or developed and designed around which is why this development will be less dense than ordinary R-1 developments.

The Clarksville Montgomery County Regional Planning Commission staff and commission recommended approval as this is an extension of R-1 zoning and is consistent with the recently adopted growth plan. We hope to also have your support for this rezoning. Please call, contact me if you have any questions or concerns or would like to visit the property. My contact information is below.

Best regards,

Dear Mayor and County Commissioners:

My name is Ronnie Wallace and our family owns the property located at 2100 Rossview Rd that is being considered at the June County Commission meeting case CZ-8-2020. My family has owned this property since the 1960's and we have lived on the property since 1996. Over the years, we have watched our part of the County grow around us without objection. As the City and County rezoned, bought and developed 1000's of acres for economic development we knew that there would be the need for housing to support the investment that our community leaders have committed to for economic growth. As property around us been rezoned and developed for housing, we have not objected to any of it and we would just like to have the same opportunity to have our property rezoned to R-1 as our neighbors have had in the past.

Please contact if you have any questions or if you would like to visit our property. My contact information is below.

Thanks for all you do for our community and I hope you will support our rezoning request.

Dear sir or madam,

I would like to voice concerns over the proposed neighborhood near Stones Manor on Rossview Road

Here are a few of my concerns

1. Stones Manor is an established neighborhood and area with respectable home values. How will this affect Stones Manor?

2. This is very late notification of the proposed ordinance. More time is needed for the current residents to understand the proposal.

3. Connecting the neighborhoods may not be a good option for the increased traffic, etc.

Please consider allowing more time for the current residents to act on this proposal.

I'm reaching out this morning in reference to a commission zoning agenda item scheduled for Monday evening. Please accept this correspondence as my intent to speak I want to said item. Attached you'll find a snapshot of the comments that I desire to share with the commission. I will be joining the meeting via WebEx.

CZ-8-2020

Rossview Elementary, Rossview Middle & Rossview High are in the 2nd fastest growing region in Montgomery County. Rossview Elementary School is at 124% capacity and currently has 9 portable classrooms, Rossview Middle School is at 117% capacity and currently has 10 portable classrooms, Rossview High School is at 110% capacity and currently has 6 portable classrooms. CMCSS has added an average of 10 portable classrooms each year for the last 4 years. This continued student growth necessitates additional action to address building capacity growth and school bus Transportation needs in Montgomery County. This development could contribute at least 400 additional students and neither infrastructure, funding, nor processes are in place at this time to address housing development in this region! In addition, Rossview road transitions from 5 to 2 lanes at the Rossview Campus, and traffic volume will only increase.

Good morning,

I've just been made aware of the proposed neighborhood adjacent Stones Manor. As our city continues to grow I absolutely believe in the need to create more beautiful neighborhoods for our citizens, but strongly asked at this proposed neighborhood not have road access to Stones Manor neighborhood. I believe in the proposal Collins View Way will connect Stones Manor to the new neighborhood.

As a homeowner in Stones Manor we have numerous children and teens from Farmington across the street using our private facilities, which has caused quite a strain with neighbors having to constantly be vigilant to "police" these areas. This also creates additional strain on our local law enforcement as complaints are made. I can imagine that being connected to another neighborhood will only increase these instances. I respectfully ask that as this proposal is visited to please consider allowing Stones Manor to remain separate from the new proposed neighborhood.

With thanks for all you do, Andrea Palomaki

RESOLUTION MAKING APPROPRIATIONS FOR THE VARIOUS FUNDS, DEPARTMENTS, INSTITUTIONS, OFFICES, AND AGENCIES OF MONTGOMERY COUNTY, TENNESSEE, FOR THE FISCAL YEAR BEGINNING JULY 1, 2020 AND ENDING JUNE 30, 2021 (FY21) AND APPROVING THE FUNDING OF NON-PROFIT CHARITABLE ORGANIZATIONS IN ACCORDANCE WITH TCA §5-9-109

SECTION I. BE IT RESOLVED by the Board of County Commissioners of Montgomery County, Tennessee, assembled in regular session on the 8thth day of June, 2020 that the amounts hereafter set out are hereby appropriated for the purpose of meeting the expenses of the various funds, departments, institutions, offices, and agencies of Montgomery County, Tennessee, for capital outlay, and for meeting the payment of principal and interest on the County's debt maturing during the fiscal year beginning July 1, 2020 and ending June 30, 2021 according to **Schedule 1** of this resolution. The budget for the School Federal Projects Fund shall be the budget approved for the separate projects within the fund by the Tennessee Department of Education.

SECTION 2. BE IT FURTHER RESOLVED, that the appropriations herein made and expenditures authorized are predicated upon estimated fund balances as of July 1, 2020 and revenues expected to be realized during the fiscal year 2020-2021, schedules of which accompany this resolution and are made a part hereof by reference. If at any time during the fiscal year, it should appear that the availability of any fund will be less than the original estimate, it shall be the duty of the County Mayor, Director of Accounts and Budgets, and the Budget Committee to impound appropriations as required by Section 5-12-110(c) of Tennessee Code Annotated.

SECTION 3. BE IT FURTHER RESOLVED, that expenditures shall not be made from appropriations made by this resolution which cover capital outlays to be funded from the proceeds of borrowed money until this Board of County Commissioners has duly adopted and appropriated resolution authorizing the issuance of appropriate bonds or notes pursuant to applicable provisions of Tennessee Code Annotated.

SECTION 4. BE IT FURTHER RESOLVED, that there are also hereby appropriated certain commissions and fees for collecting taxes and licenses and for administering other funds which the County Trustee, County Clerk, Sheriff, Register of Deeds, Circuit Court Clerk, and the Clerk and Master and their officially authorized deputies and assistants may severally be entitled to receive under state laws heretofore or hereinafter enacted. Expenditures out of commissions and/or fees collected by the County Trustee, County Clerk, Sheriff, Register of Deeds, Circuit Clerk, Clerk and Master, may be made only as now expressly authorized by existing law or by valid order of any court having power to make such authorizations. Any such commissions and/or fees collected shall be paid over to the County Trustee for credit to the County General Fund as provided by law.

SECTION 5. BE IT FURTHER RESOLVED, that if the need shall arise,

1. The Transfer of expenditures levels within a categorical appropriation, as hereinabove reflected for the General Purpose School Fund, may be made by majority vote of the Board of Education meeting in regular or called sessions, but transfers between said categorical appropriations may be authorized only by the Board of County Commissioners. In all cases, the aforesaid authorizations shall be reduced to writing.

2. The Budget Committee may, with the consent of any officials, head of any department or division which may be affected, transfer any amount from any item of appropriation to any other item of appropriation within such department, division, or major functional activity. Be it further provided that such transfer shall be authorized in writing and signed by the County Mayor, the Budget Committee and the departmental or divisional head concerned. In all cases, the aforesaid authorizations shall be reduced to writing and one copy of any such authorization shall be filed with the County Clerk, one copy with the Chairman of the Budget Committee, one copy with the Director of Accounts and Budgets, and one with each departmental or divisional head concerned. Said authorizations shall clearly state the reasons for the transfers.

SECTION 6. BE IT FURTHER RESOLVED, that any appropriation made by this resolution which covers the same purpose for which a specific appropriation is made by statute is made in lieu of, but not in addition to, said statutory appropriation. The salary, wages, or remuneration of each officer, employee or agent of the County, shall not be in excess of the amounts authorized by existing law or as set forth in the estimate of expenditures which accompanies this resolution. But provisions for such salaries, wages, or other remuneration hereby authorized, shall in no case be constructed to permitting expenditures for any department, agency, or division of the County in excess of that appropriation herein made for such department, division, or agency, and such appropriation shall constitute the limit for the expenditures and encumbrances of any department, division and agency during the fiscal year ending on June 30, 2021. The aggregate encumbrances and expenditures with respect to any item of appropriation shall in no instance be more than the amount herein appropriated for such item.

SECTION 7. Said appropriating resolution shall be submitted to and approved by the State Director of Local Finance after its adoption as provided by Section 9-11-101 to 9-11-119, inclusive, of the Tennessee Code Annotated.

SECTION 8. Quarterly Financial Report for March 31, 2020

The quarterly financial report presented tonight is for the period ending March 31, 2020. The report consists of three statements for each of the six school system budgets (funds) appropriated by the County Commission. Those funds are: General Purpose School, Federal Projects, Child Nutrition, Transportation, Extended Schools and Capital Projects.

The first statement is a balance sheet which is a picture of the financial condition of that particular fund at a point in time. The asset section represents the resources available to the district for payment of its obligations, much like your personal or business checking account along with any amounts due from others. The liabilities section reflects current amounts due to others. The equity section contains amounts held for future obligations to include fund balance and certain required reserves.

The second statement is a cash reconciliation which is basically comparing our cash balance to that of the County Trustee. This is similar to reconciling your check book to your bank statement.

The third statement for each fund is a report of all revenues and expenditures by category. This report reflects the approved budget amount as amended, amounts received or spent year to date (including encumbrance for purchase orders issued but not paid), and the amount under/over collected for revenues or the amount over/under spent for expenditures.
