

Multi-Purpose Event Center (MPEC) – Site Utilities, Cast-In-Place Concrete, Structural & Miscellaneous Steel, Waterproofing, Damp Proofing, and Caulking (Below Grade Only) and Elevators.

(this will be a link you can click on)

(once you click on the link above the following information will open up in a new window)

Skanska serves as the construction manager for this new multipurpose event center (MPEC). The project is a highly flexible public assembly space and includes a 5,500 seat arena which will host NCAA Div. 1 men's and women's basketball, ice hockey, concerts, shows, etc. In addition to the main arena space there is a secondary sheet of ice for various skating activities as well as practice spaces, locker rooms and office space for both hockey and basketball.

Skanska is seeking participants to bid on the **Site Utilities, Cast-In-Place Concrete, Structural & Miscellaneous Steel, Waterproofing, Damp Proofing, and Caulking (Below Grade Only) and Elevators.**

The bidding process begins **Tuesday November 3, 2020** and bids are due by **2:00 P.M.** on **Friday November 20, 2020** (followed by post bid interviews). A pre-bid meeting is scheduled for **Thursday November 5, 2020** which will be held on site and pre-bid RFI's are due **Thursday November 12, 2020**. For more information regarding this project, the bidding process, RFI's or these bid packages, **please contact:**
